BIG HIGHLIGHT

SPANDAN 2K23

VISION

Harness the power of education to play a transformational role in the development of the nation. To nurture intellectual capital with a vision and purpose to create leaders of change.

MISSION

Emerge as a leading centre of academic excellence, involving research and consultancy while adopting innovative strategies of industry integration to create value-driven, responsible and future-ready professionals, entrepreneurs and innovators.

GOALS

To unleash full human potential by offering
cutting-edge and comprehensive learning programs.
To promote a culture of innovation and contribute to the creation of new knowledge.
To create opportunities for industry - academia collaboration.
To facilitate industry readiness and knowledge application for effective contribution in the development of our nation.
To provide opportunities for entrepreneurship.

Our Leaders

SHRI NARENDRA NAHATA
Chancellor Mandsaur University

Shri Narendra Nahata has been designated as the Chancellor of Mandsaur University. He was a Cabinet Minister for 10 years in the Government of Madhya Pradesh and held portfolios of Commerce and Industries, Technical Education and Manpower Planning , Rural Industries, Commercial Taxes and represented Manasa assembly constituency. He is credited to have transformed technical education of the state. He is the founder of BR Nahata Smriti Sansthan.
B.R. Nahata Smriti Sansthan has made Mandsaur its hometown, hub of professional education wherein more than 4000 students are studying.
It's his firm belief that education is one of the most crucial components of human resource development having potential for adding value to products and services, thereby improving the quality of life of people. The efforts so far have been very supportive for the recent phenomenal growth and the Socio-economic and Human Development of the nation.
He is also the founder of Smriti Nagrik Sahakari Bank, which is one of the best and biggest Urban Cooperative Banks of Madhya Pradesh.
A widely traveled person, having visited more than 20 countries.
Narendra Nahata was invited by the British Government for higher education in UK. He was invited by the Government of Germany to study institutions run by them in countries of South Asia.

MR. RAHUL NAHATA
B.E.,MBA,FLMI
Executive Chairman Mandsaur University

MR Rahul Nahata is a visionary and dynamic professional chieftain to serve as the Executive Chairman of Mandsaur University. He has a strategic vision and leadership quality for developing interdisciplinary education across the university. He received the United States of America Presidential award in 1992. He has a prior experience of working with renowned companies like Tata Consultancy Services and Vikram Ispat.
He has stint with several organizations in various countries like U.S.A, Thailand, Hong Kong, Singapore and Germany.
He has an exemplary vision towards education to mould youngsters into Millennium Leaders not only in Technological and Scientific fields but also to nurture and strengthen the innate goodness and humane nature in them.

Vice Chancellor's Message

Brig. (Dr.) Bharat Singh Rawat

The University is full filling its role and meeting the wishes and aspirations of the people of this region to have democratic access to higher education. Our bright and energetic students are the real assets and messangers of Mandsaur University. To foster this spirit, Mandsaur University is undertaking a number of student centered activities.

All the clubs, associations, and departments of the college promote every conducive environment by organizing activities that catering to physical and mental well-being of the students. As we say variety is the spice of life, We at MU has always succeeded in bringing this variety to nurture holistic development; be it through classroom discussions, counseling sessions, debates, in-house training programs, workshops, intra, and intercollegiate fests, and competitions, research, and presentations, all these, provide a favorable environment for the wellbeing of our students.

“The MU BUZZ” is a monthly publication by the Mandsaur University to showcase all achieves of department and students. My sincerest belief is that a common forum such as the MU BUZZ can and should serve as a fruitful avenue for facilitating a healthy exchange of ideas and opinions within the university community and beyond.

I would seek more contributions from the students in MU BUZZ.

Techno cultural extravaganza began at Mandsuar University

Mandsaur, March 17, 2023 – The first day of the annual cultural fest, SPANDAN 2K23, held at Mandsaur University. The fest was organized by the Mandsaur Cultural Committee with the guidance of Shri Narendra Nahata, Chancellor and Former Education Minister of Madhya Pradesh, and (Brig.) Dr. Bharat Singh Rawat, Vice Chancellor of Mandsaur University.

Dr. Ranbir Chander Sobti, Former Vice Chancellor of Punjab University, the chief guest and Dr. Varoon Kapoor, Senior IPS Officer, the Guest of Honor who have inaugurated the SPANDAN 2K23 .

While addressing the inauguration session, Dr. Ranbir Chander Sobti, Former Vice Chancellor of Punjab University said that the world is transformed and we are living in Global village. Science and technology are inseparable. Human beings are here on earth, to serve society with the help of science and technology. There is no caste which divides humans from serving. We are in a global village. He also added that there is no Hindu culture or Muslim culture. There is only one culture that is OM culture.

Dr. Varoon Kapoor, Senior IPS Officer addressing the gathering on the topic of Cybercrime said, "The mobile phone is a unique world, and it has become part of the human body now. It's Unfortunate that we keep our mobile online for 24 hrs which opens the gate for cyber crime." he informed while adding that the danger of cyber-crime is unseen and hidden, so it is important that we change our mind-set and awareness is the only solution to protect personal information and security.

As part of the Spandan 2K23, a two-day conference embarked on "National Conference on Emerging Trends in Science, Technology, and Management (NCETSTM-2K23). the Eminent scientists, leading industrialists, and distinguished professors from reputed research institutes, laboratories, industries, and universities delivered keynote addresses on topics such as AI, data science, quantum computing, block-chain management, network and cyber-security, cloud computing, robotics, drones, industrial automation, EV technology, alternative energy, constructions, healthcare, functional food and nutraceuticals, forensic sciences, and more. Participants had the opportunity to interact with these experts.

Especially the cultural committee, and various club student heads, members, volunteers, and student council, took the initiative that cultural activities were equalized to learn with games, sports, competition, and made the event an unprecedented success.

1st Convocation of Mandsaur University

The Convocation held at Mandsaur University on 19 th of March Sunday. Shri Ashwani Lohani,
as its esteemed Chief Guest, in Mandsaur University, addressed the student's life journey motivation in his keynote address to the students, faculties and audience.
During his speech, Shri Ashwani Lohani, highlighted the growing concern for put-in practice,
what learnt at college. He emphasized the importance of adapting to the social trend and updating oneself with changing world. Shri Ashwani Lohani also spoke about the need for applying modern technology with our educational system. Furthermore, Lt. Gen. P N Ananthanarayan- AVSM, SM, motivated the students to seek for opportunity. He also added saying "discipline would give more reward of happiness and satisfactory in work-life. In addition, Bharat Sharan Singh as Special Guest, the college life is entirely different from what is happening in and around the world. That's why, our educational system of NEP (national
education policy) gives more important to out-come based education (OBE).

The highlight of the convocation was Dr Huzaifa Khorakiwala who conferred the Honorary Doctorate Degree in the field of Social Work. Important to note that,
Dr. Huzaifa Khorakiwala is the Executive Director of Wockhardt Limited, an MBA from Yale University, USA, The CEO of Wockhardt Foundation, a not-for-profit organization which runs several social service and
human welfare programs in health, education, water and sanitation across the country.
During this, Convocation, Ritika Jain the student of B.sc in bio technology, was felicitated with Late Smt. CK Nahata Rolling Trophy for her overall performance UG 2020-2021 and Student Jethava Mansi Upendra MBA received with Late Sri BR Nahata Rolling Trophy for overall topper in PG 2020-2021. Pertinently, 54 Gold Medals awarded to the candidates who were
toppers in various disciplines like UG/PG/ programmes, in person 2116 candidates in total conferred with their degrees in various disciplines in the Convocation. On behalf of the University management, Shri Narendra Nahata, Chancellor, (Brig.) Dr. Bharat
Singh Rawat, Vice Chancellor of Mandsaur University welcomed the diginitaries. The entire event was moderated by Dr. Reshami Deb Choudhary and Dean Admin Col. Anand Kumar,
proposed vote of thanks. The event ended with national Anthem.

Two-day Techno cultural extravaganza concludes at Mandsuar University

Mandsaur, March 18, 2023 – The two-day of conference on SPANDAN 2K23, has come to an end at Mandsaur University on Saturday. The fest was organized by the Mandsaur educational Committee with the guidance of Shri Narendra Nahata, Chancellor and Former Education Minister of Madhya Pradesh, and (Brig.) Dr. Bharat Singh Rawat, Vice Chancellor of Mandsaur University.

Mr. Anand Vardhan Shukla, former-IPS Officer & Pro Vice-ChancellorMewar University was invited as guest of honor. While addressing the gathering he said, “The Engineering students were able to attend the classes on flute & zoology students were able to study on economics and commerce in the name of today’s National Education policies,”he said adding that the Mandsaur University has well –executed in practice. After travelling across the countries, he was proud to say that Indians are shining aboard.

He also added saying that more than 50% of employers were Indians at Silicon Valley in USA.

“Indians are well- disciplined for hard work which is not followed by foreigners,” he said.

Mr. Jagdish Tanwani, Dy General Manager –BHEL (Bharat Heavy Electronics Limited Bhopal) was invited as special guest of the conference. He has ignited the students mind with thought provoking speech. On the occasion, he said, “Opportunities without preparedness is useless, and opportunities combined with preparedness leads to success.” He also added saying that the world offers countless opportunities, so, be aware of the world, where you live in and learn to live in the presence of mind.

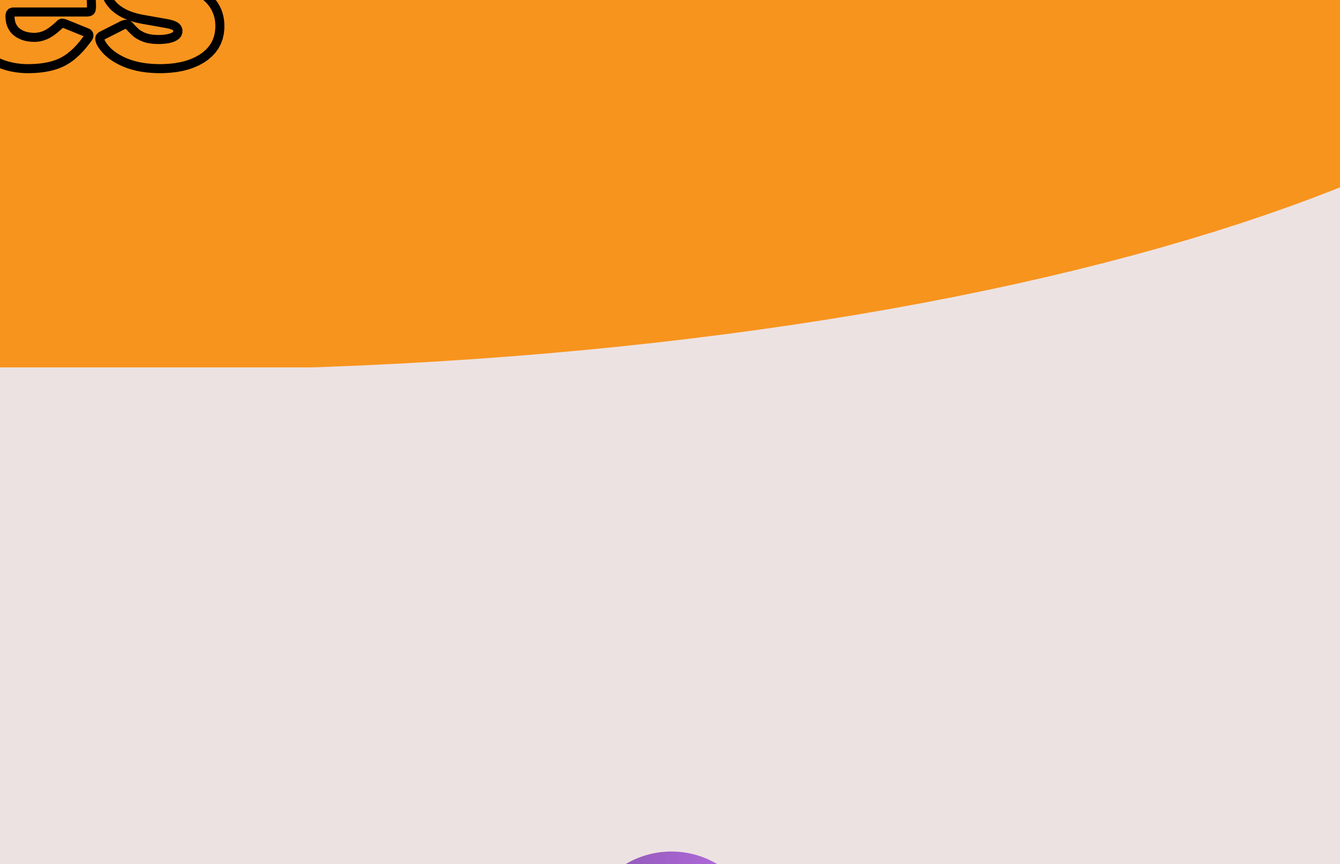

Dr. Mehesh Kumar Vyas, All India institute of Ayurveda was invited as a special guest of Spandan 2k23 at the Mandsaur University. While addressing the gathering on “Changing trend in Ayurveda” he enlightened the students with scope and opportunity of getting degree in Ayurveda course. Moreover, award ceremony to the students who won the competition like drone competition; coding-solving computer algorithms were distributed. The well- acclaimed re-search papers were honored with certificates.

On behalf of the University management, Shri Narendra Nahata, Chancellor, (Brig.) Dr. Bharat Singh Rawat, Vice Chancellor of Mandsaur University thanked all the participants, who made this event as successful. He assured that, the two day National conference has stimulated the minds of the students. The industry expectation is highlighted for students learning methodology.

At the end of the program, the vote of thanks was proposed by Dr. Arunava Das, coordinator of the conference SPANDAN 2K23, The event was ended with national Anthem, were all dignitaries, the academicians and students of various departments were sang together and ended the event.

Expert Lecture on Power System & Power Electronics by Electrical and Electronics Engineering, Mandsaur University

The primary objective of this two days expert lecture series was to introduce about the New Technology Era in Power System and Power Electronics Subjects knowledge, In recent years, the use of renewable energy sources such as solar and wind has increased, leading to new challenges in power systems and power electronics. Experts in this field work to improve the efficiency, reliability, and sustainability of power systems to meet the growing demand for electricity.

He is delivered to students deal with the generation, transmission, and distribution of electrical power from power plants to end-users. It includes various components such as transformers, generators, transmission lines, and distribution networks, Then She gave an in depth idea of the Power Electronics and various Modulations techniques used in the inverter technology to power the grid. She also discussed about the various simulations techniques used for validating the results of the Power Electronics circuits and the software used for the same.

“International Women’s Day Celebration”
Mandsaur University

In view of International Women's Day, the Social Awareness & Environment Sustenance Club (NSS Unit) of Mandsaur University organized an Expert interaction on women empowerment and conducted different competitions for ‘Expression of gratitude towards women’ in different ways such as speech/poster/poem/PPT for the students of Mandsaur University on 11.03.2023. The UN theme for this year’s International Women’s Day was “DigitALL: Innovation and technology for gender equality”. At the beginning of the program, Dr. Shekhar Jain, Director NSS welcomed the expert Mrs. Meenakshi Dhakad, Founder and CEO, Dirghayu Bhava, Neemuch and judges for the competition Dr. Aradhana Sethi, HOD, Faculty of Education, and Dr. Reshmi Deb Choudhury Das, Assistant Professor, Dept. of Communication Skill. The program started with the brief introduction of the Mrs. Meenakshi Dhakad by Dr. Shekhar Jain. During interaction in virtual mode, she briefed about her work and discussed about challenges faced during the setup of her dream work. She motivated students to work hard and focus on their main target and also inspired not to give up. Afterwards, she resolved the queries raised by students regarding startup business.

The whole program was anchored by student coordinators Ms. Lavina Vyas and Ms. Prachi from Life Sciences and successfully coordinated by faculty coordinator Dr. Shekhar Jain, Director NSS, Ms. Teena Yadav, Secretary NSS and Mr. Dayashankar Singh (Coordinator campus 1) along with student coordinator Umesh Dangi (B. Sc. Agriculture II year), Pratik Sharma (B. Sc. Microbiology II year) and Bharat Choudhary (BBA I year). At the end of program, Dr. Shekhar Jain expressed vote of thanks to all.

“Participation in District Level Neighborhood Youth Parliament”

Youth are a major human resource for development and thus, key agents of social change, economic development and technological innovation. This is a vital, vibrant and dynamic human resource bearing the future state of not only India, but also the entire world. Neighborhood Parliaments are places where every local person can get involved in creating a thriving and resilient community. The NSS volunteers of the Social Awareness & Environment Sustenance Club (NSS Unit) of Mandsaur University participated in District Level Neighborhood Youth Parliament organized by Nehru Yuva Kendra Sangathan, Mandsaur at Govt. PG College Mandsaur on 22.02.2023. The main purpose behind this program is to educate the volunteers of young age group about contemporary socio-economic development issues confronting local communities in general and the youth in particular and to involve them in debate or discussions on such issues. During the program, eminent Speakers delivered talk on contemporary issues like Good Governance, G-20, Youth Participation in Govt. Schemes, etc. Two students from Mandsaur University namely, Paras Adaniya (B. Sc. Hons. Agriculture) and Kashika Porwal (B. Pharma) also expressed their views on the topic G-20.

Dr. Shekhar Jain, NSS Program Officer, MU has addressed the students and motivated for innovation and startup through Govt. Schemes for resolving the societal issues. Thereafter, Dr. K.R. Suryavanshi, NSS District coordinator, interacted with MU NSS coordinator students and discussed about different activities. The program proceeded with the motivational and energetic addressing of Mr. Sudhir Gupta, the MP from Mandsaur followed by cultural programs.

Towards the end, Dr. Shekhar Jain, Director NSS praised the volunteers for their devotion and hard work. The participation was successfully coordinated by the faculty coordinator Ms. Teena Yadav (Secretary NSS) with student’s coordinator Mr. Umesh Dangi (Faculty of Agriculture), Mr. Pratik Sharma (Faculty of Life Science) and Mr. Aman Singh (Faculty of Pharmacy).

Workshop on
“Traction system and Controlling Techniques”

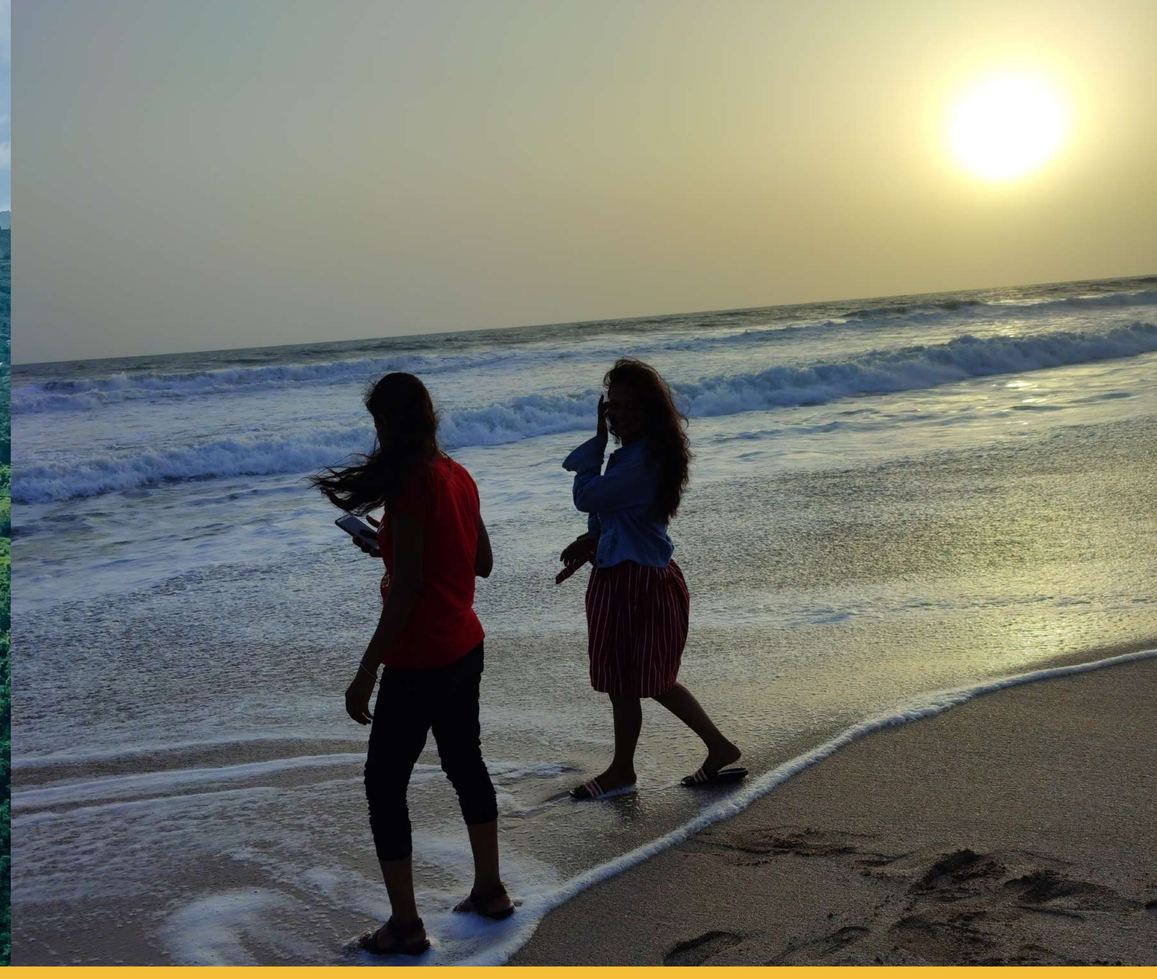

This workshop was planned to provide an inclusive understanding of the primary perception of the Traction system and different Controlling Techniques used in the same.Traction systems are used in various forms of transportation, such as trains, electric vehicles, and elevators, to provide the necessary force for movement. The traction system generally consists of a motor or motor, a power supply, and a control system. Controlling techniques for traction systems vary depending on the type of transportation and the specific requirements. Here are a few common techniques: Direct current (DC) control, Pulse width modulation (PWM) control, Vector control, Regenerative braking Overall, the choice of controlling technique for a traction system depends on the specific requirements and the available technology.

Photography Competition

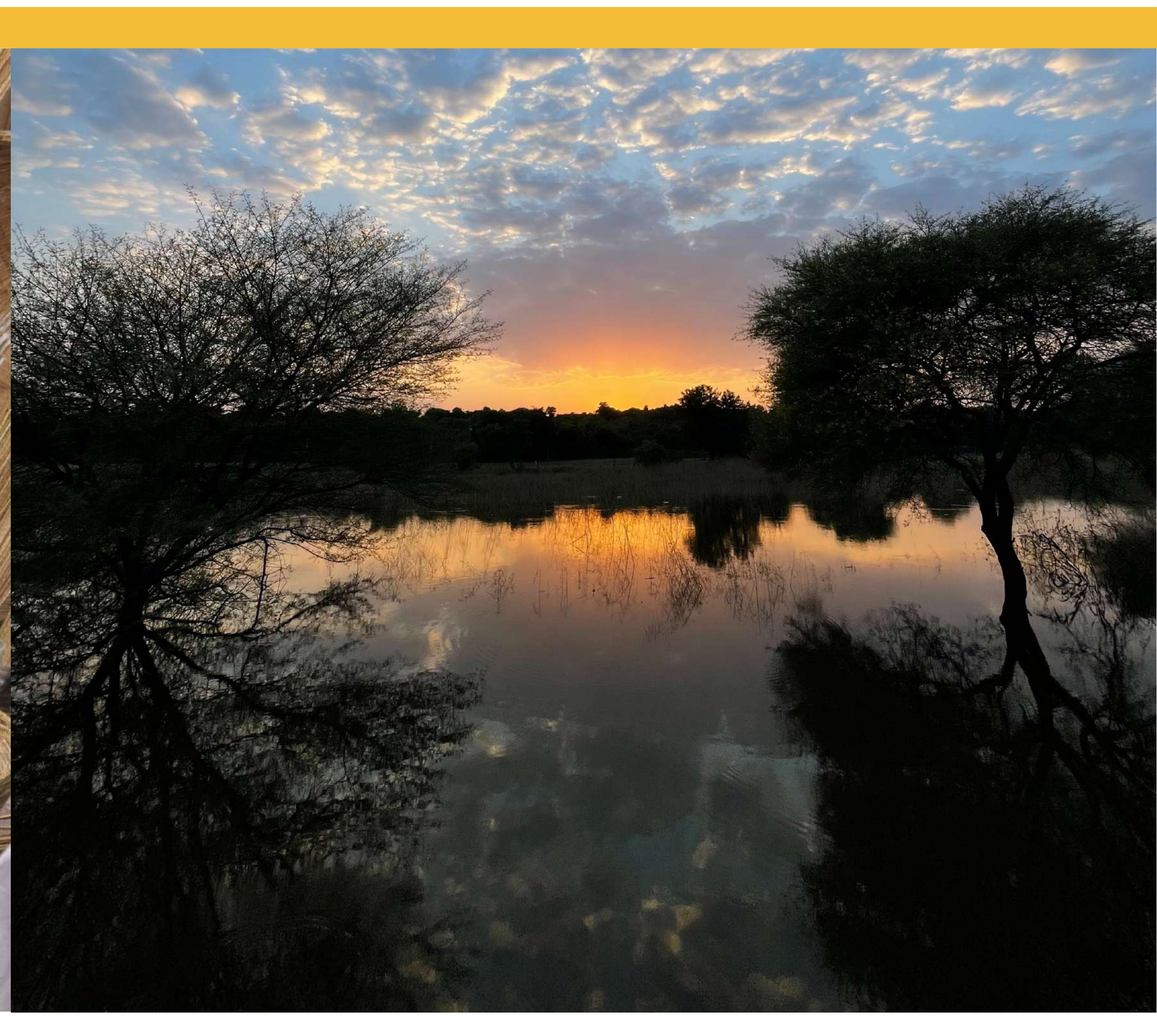

Ayushi dewda
BTech cse

The Department of Journalism and Mass Communication organized a Photography Competition on March 25, 2023, at 10:30 AM for the UG and PG students of Mandsaur University. The theme for the competition was to encourage students to capture the vibrancy and energy of urban life, from bustling city streets to quiet alleyways. Moreover it aimed to capture the essence of a person, or a particular type of person (e.g. children, elderly individuals, or people from a certain culture).

The competition was held virtually, and students participated by submitting their entries through a Google Form. The event was designed to make participants aware of aesthetic photography vis a vis candid and street photography. A total of 40 students participated in the competition and demonstrated their interesting and creative photography skills.

Mr. Shakir Hussain, Assistant Professor in the Department of Journalism, and Mr. Ingerlos Karam, Assistant Professor in the same department, were the judges of the competition.

Ayushi Devda for Street Photography from B.Tech CSC and Saloni Dhanotia of BAJMC for Candid Photography respectively, were awarded the first prize. Arman Saini was awarded the second prize and Yuvraj Singh was awarded the third prize. Congratulations to all the winners!

“पत्रकार बनकर मैंने सीखा अपमान कैसे सहा जाता है”

गोविन्द पाटीदार ,तृतीय वर्ष छात्र
BAJMC मंदसौर विश्वविद्यालय

अक्सर हम टेलीविज़न पर बड़े बड़े पत्रकारों को देखते हैं। भारत में पत्रकारिता का वर्चस्व आज़ादी के समय से रहा है। उस वक्त के बड़े बड़े पत्रकार आज़ादी की लड़ाई में अहम भूमिका में थे और तब से आज तक देश के हर मुद्दे पर देश के वरिष्ठ पत्रकारों की समझ कहीं न कहीं बड़े बड़े नेताओं और विशेषज्ञों को भी कुछ न कुछ सिखा जाती है लेकिन क्या आपने कभी सोचा है जब एक पत्रकार अपनी पत्रकारिता की यात्रा की शुरुआत करता है तो उसे किस तरह की चुनौतियों का सामना करना पड़ता है? उसके लिए कितना मुश्किल होता होगा? हज़ारों लाखों की भीड़ में एक छोटे से कैमरे की स्क्रीन पर आकर वहां का हाल बताना। निदा फ़ाज़ली लिखते हैं कि “यही है ज़िंदगी कुछ ख़्वाब चंद उम्मीदें, इन्हीं खिलौनों से तुम भी बहल सको तो चलो”
कहते भी हैं कि उम्मीदों पर दुनियां टिकी है, जब मैंने एक अच्छा पत्रकार बनने का सपना देखा तब मुझे नहीं पता था कि क्या, कैसे होता है? पत्रकारिता जितनी आसान दिखती है उतनी होती नहीं है। मैं 12 वी में था मुझे शुरू से राजनीतिक टिप्पणियों और राजनीति पर चर्चा करने का शौक रहा है, फिर समझ में आया कि क्यों न पत्रकारिता की जाए और जब यह निर्णय हुआ कि अब तो देश दुनिया को समझने का प्रयास किया जाएगा, तब सोचा मंदसौर विश्विद्यालय में प्रवेश लिया जाए क्योंकि पास में था और उसके बाद यहां से शुरू हुआ अपना पत्रकारिता का सफ़र!

यदि किसी राजनीतिक जनसभा या बैठक को कवर करना होता है तो सबसे पहले उसे वहां के नियम कायदे समझने होते हैं। वीडियो ग्राफी और फोटो ग्राफी के लिए बैसिक गुणधर्म सीखने होते हैं और फिर जब बात p2c की आती है तो उसका एक अलग ही संघर्ष होता है। किसी न किसी तरह विश्वास को जगाकर आए हुए नेता या मुख्य अतिथि से प्रश्न करना एक बड़ी चुनौती होती है। इस दौरान हो सकता है आपको अपमान भी सहना पड़े लेकिन पत्रकारिता में अपमान सहना एक कला होती है, जैसे हमारे देश के प्रथम गृह मंत्री सरदार पटेल ने कहा था कि “आपको अपना अपमान सहन करने की कला आनी चाहिए” उससे ऐसा प्रतीत होता है जैसे उन्होंने पत्रकारों के लिए ही कहा हो।

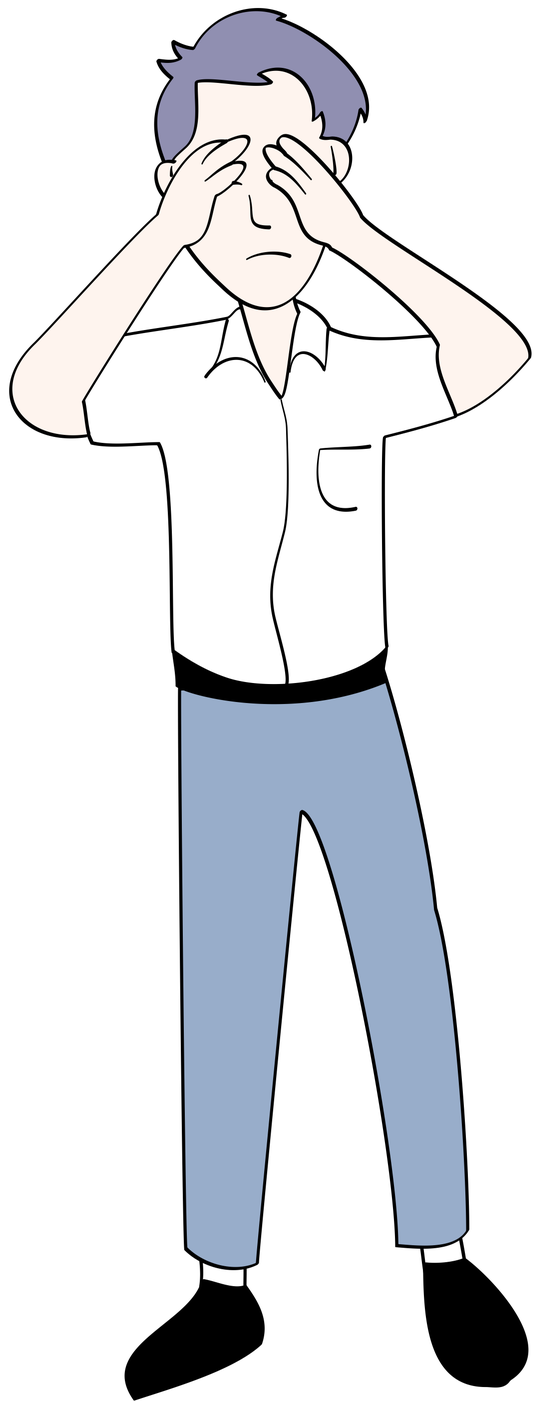

Article

FAILURE

Neha Nazwani
Alumni DBMC, Mandsaur University

Everyone talks about success, but no one likes to hear about failure. Success is being discussed everywhere or how a person can become successful, it is being discussed, but there is such a secret to get success and the interesting part is that no one talks about it, that secret is 'failure'. Yes, we all celebrate success but not failure, why so because perhaps we have never considered that failure is the first step to success. Unless we learn from our mistakes or work on our weaknesses, how can we expect that we can become a successful person? We need to widen our horizons and redefine success. We need to look at life with a different perspective that celebrates not only success but also failure.

भारत की पहचान उसकी संस्कृति और संस्कार

हमारा देश हमारे संस्कार हमारी संस्कृति ये हमारा गौरव

मुकुल सिंह , द्वितीय वर्ष छात्र
BAJMC मंदसौर विश्वविद्यालय

हमारी पहचान है सबसे प्राचीन और विश्व का सबसे बड़ा लोकतंत्र है भारत| आज के समय जब भी पुरे विश्व में कुछ घटित होता है या कुछ समस्या का निवारण करना होता है तो पूरी नज़र या अपेक्षा कहे तो वो भारत पे होती है इसका सबसे बड़ा उदाहरण है रूस उक्रेन का युद्ध | यूक्रेन के राष्ट्रपति वोलोदोमिर जेलेंसकी जानते है की पुरे विश्व में अगर कोई पुतिन को रोक सकता है तो वो देश भारत है| हां में मानता हु की हम भी विकसित देशो के सूचि में नहीं आते लेकिन फिर भी हम आज उस स्थिति में है जहा विश्व हमारे देश का लोहा मानता है | सब हमारे संस्कार और संस्कृति को जानना चाहते है उसे अपनाना चाहते है, मुझे इंग्लैंड के एक बहुत बड़े व्यक्ति की बात याद आ रही है उन्होंने एक बार एक इंटरव्यू में कहा की अगर छत्रपति शिवाजी महाराज ने इंग्लैंड में जन्म लिया होता तो उन्हें विश्व में कोई हरा नहीं पाता | लेकिन में इस बात से सिर्फ आधा ही सहमत हु इसमें कोई दोराय नहीं की छत्रपति शिवाजी महाराज एक महान राजा थे लेकिन वो ये भूल गए की वो महान बने अपने संस्कार की वजह से जो उन्हें उनकी माता जीजा बाई ने दी थी | इस वाक्य से आप समझ गए होंगे की अगर हमारा देश आज इतना प्रबल और शक्ति शाली है तो इसके पीछे उसके संस्कार और संस्कृतिएक बड़ी वजह है | लेकिंज आज का युवा और उसकी सोच में काफी बदलाव आ गया है| ऐसा नहीं है की वे मेहनती नहीं होते लेकिंम एक इन्सान और रोबोट में काफी फर्क होता ये मुझे कहने में काफी संकोच हो रहा है क्योंकि आज का युवा अपने संस्कार और संस्कृति को भूलते जा रहा है |

आज अगर हम चीजों पे ध्यान दे तो यक़ीनन हम हमारी संस्कृति और संस्कार के बारे में ज्यादा से ज्यादालोगो को बतापाएंगे और युवाओ को जो हमारीसंस्कृति वाकिफ कार पाएंगे एक सबसे महत्वपूर्ण उदाहरण है, हमारे दक्षिण भारत के लोग वे कभी अभी अपनी संस्कृति को नहीं छोड़ते है| और अंत में कहना चाहताहुं भारत की त संस्कृति सिर्फ उसकी इमारत, त्यौहार या इतिहास नहीं वो तो बिकुल है लेकिन एक वो संस्कृति भी है जिसमे गरीब और लाचार व्यक्तिओ का शोषण ना हो|
