

Nemours Children's Health: The Impact of Our Efforts

As one of the largest integrated children's health systems in the U.S., we are committed to improving the health and well-being of children, today and for generations to come. Our comprehensive Whole Child Health model delivers world-class medical care inside our walls and partners with families, schools, and communities to support children's physical, social, and emotional health outside our walls.

Across our enterprise, we provide:

Pediatric primary, urgent, and specialty care

Advocacy and resources to support children's health in our communities

Groundbreaking research to advance treatments

2025 Patient Care Highlights

At Nemours Children's Health, every number tells a story of hope, healing, and exceptional care:

568,909 Unique Patients were cared for at our locations.

2,249,003 Patient Visits were completed across our system.

544,104 Primary Care Visits strengthened access to preventative and coordinated care.

11,696 Hospital Admissions provided children with advanced pediatric care and specialized services.

336 International Patients from **67 Countries** traveled to Nemours for our expert care.

91,004 Emergency Department Visits offered timely care during life's urgent or unexpected moments.

3,699 Emergency Medical Transports brought children safely to our doors.

43,905 Surgeries were performed with precision and compassion.

108,589 Telehealth Visits kept care accessible anytime, anywhere.

472,989 Radiology Images supported accurate diagnosis and informed clinical decision-making.

Innovation Spotlights

At Nemours, innovation means meeting children where they are, in their schools, their homes, and through the digital tools and trusted resources families rely on every day.

REIMAGINING WHERE CARE HAPPENS

174 children with complex medical needs received comprehensive Advanced Care at Home services, with 24/7 support designed to care for the entire family.

Integrated Behavioral Health supported more than **17,000 children**, delivering mental health care within primary care offices and schools.

17 Delaware Valley School-based Health Centers brought medical care in dedicated clinic spaces within schools, helping keep kids healthy without disrupting family routines.

REIMAGINING HOW CARE IS DELIVERED

90 babies were safely born to mothers with high-risk pregnancies through our Advanced Delivery Program.

Our first-of-its-kind **Global Budget Model** delivered proactive, coordinated preventive care to more than **123,000 Delaware children**, creating a system designed to keep kids well.

REIMAGINING HOW FAR A CHILDREN'S HOSPITAL CAN REACH

484,295 MyChart users securely managed their child's care digitally, keeping families connected to Nemours between visits.

49,609 families helped shape the future of pediatric care through our Virtual Advisory Council, because innovation guided by patients leads to better outcomes.

85.6M sessions on Nemours KidsHealth.org, the world's most visited pediatric health website extended Nemours expertise to families everywhere.

893,123 podcast downloads of *Well Beyond Medicine*, where Nemours Children's and leading thought leaders, entrepreneurs, innovators, and policymakers discussed the ideas changing health for good.

Community Support

We believe in giving back:

1,470 Community Volunteers spent **96,597 Volunteer Service Hours** providing care and comfort in our hospitals and clinics.
