

Nemours Children's Health: The Impact of Our Efforts

As one of the largest integrated children's health systems in the U.S., we are committed to improving the health and well-being of children, today and for generations to come. Our comprehensive Whole Child Health model delivers world-class medical care inside our walls and partners with families, schools, and communities to support children's physical, social, and emotional health outside our walls.

Across Florida, we provide:

Pediatric primary, urgent, and specialty care

Advocacy and resources to support children's health in our communities

Groundbreaking research to advance treatments
