ONeCALL
FLIGHT DISPATCH

CAPABILITIES
STATEMENT

ABOUT ONeCALL®

ONeCALL® Flight Dispatch provides virtual on-demand supplemental support 24/7/365.

We manage everything in just one call.

CORE COMPETENCIES

ONeCALL® - powered by In-Flight Crew Connections, who have been making flight operations possible since 2002.

It takes many departments to successfully execute a flight. We strive to alleviate your workload, saving you time and money, by bringing a professional, safe, efficient, and innovative dispatch service to your flight department.

DIFFERENTIATORS

ONeCALL® is virtually an extension of your team, we make it easy by providing all the dispatching services you may need.

- Clients may choose between three month-to-month support level options, an annual subscription, or a customized support level (all levels include an opt-out option)
- FAA licensed and experienced dispatchers available 24/7/365
- Our dispatchers can work with any Flight Management System (FMS) software
- Partnered with Airplane Manager to provide cost-effective software specific to corporate jets
- Powered by trusted In-Flight Crew Connections (IFCC)
- Through an alignment with IFCC, discounted crew coverage services

"When you partner with ONeCALL Flight Dispatch, you will receive the same exemplary service and experience as you do with In-Flight Crew Connections."

- Jennifer Guthrie, Founder and CEO

ONeCALL
FLIGHT DISPATCH

Our certified dispatchers not only excel in customer service, they work as part of a team to help the success of your operation during “high demand” times, providing:

- Flight Scheduling
- Tripsheet Generation
- Flight Following
- Weather Briefs
- Tracking Aircraft / Engine Cycles
- Crew Legality / Training
- Regulatory Services
- Fuel Requests
- Crew Travel Arrangements
- PAX Travel Arrangements
- PAX Transportation
- Ground Handling
- Catering
- Crew Scheduling

Airplane Manager

Our Dispatchers can work with any Flight Management System (FMS) software.

No FMS in place? No problem! **ONeCALL® Flight Dispatch** is strategically aligned with Airplane Manager, an entirely web-based flight scheduling and planning software crafted exclusively for corporate jets.
